

	Autumn Term	Spring Term	Summer Term
Mathematics Year 9	1. Sequences, functions and graphs		
	2. Proportional reasoning, including: Fractions, decimals, percentages, ratio and proportion Calculations		
	3. Equations, formulae and identities		
	4. Geometrical reasoning: lines, angles and shapes Construction and loci		
	5. Handling data1		
	6. Measures and mensuration		
	7. Place value, Fractions, decimals, percentages, ratio and proportion, Calculator methods, Solving problems		
	8. Integers, powers and roots, graphs		
	9. Probability		
	10. Geometrical reasoning: lines, angles and shapes Transformations Ratio and proportion		
	11. Equations, formulae and identities Solving problems		
	12. Revision		
	13. Handling data 3		
	14. SHAPE, SPACE AND MEASURES 4		
	15. Handling Data 4 Probability
