

Animation10

ICT ILP Year 7, Year 8 and Year 9

Do you like drawing cartoons and making animations?

Would you like to enter a national competition and have a chance of winning some great prizes?

The new ICT ILP gives you a chance to do just that.

Animation 10 is a competition open to KS3 pupils to create a short (not more than one minute) animation. An animation can be about anything you want, with one constraint: it must be inspired by material from the taught curriculum. It might tell a story, or explain or demonstrate something - the only limit is your imagination.

You can use **Flash**, **Scratch** or **Alice** to create your animation, alone or working in groups of up to 4. Scratch and Alice are free to download and Flash is available in school.

For more details of the competition and some examples of previous winners, look here <http://www.cs.manchester.ac.uk/Animation10/>.

Deadline for submissions is Friday 26 March.

Good luck and get animating!
