Dear Families

The Great North Wood Education Trust and Dunraven Educational Trust update

Thank you to all those of you who joined one of our consultation meetings before the half term break. We were heartened to see how many of you took an interest in the proposal for Rosendale and The Elmgreen schools to join the Dunraven Educational Trust. We were also very pleased to find that there was overwhelming support across all the school groups. There were a number of questions that needed some further clarification and we include the responses in this [document](#) along with the answers to the questions asked most frequently, either in the meetings or by email. We hope that you find this helpful.

We are delighted to confirm that the proposal has been formally approved by the Regional Schools Commissioner. Our CEOs and their teams will now complete the necessary technical processes to enable everything to be ready for 1 September 2021. We look forward to celebrating our formal 'start' in the Autumn term.

With very best wishes

Helen George
Chair, DET

Michael Brady
Chair, GNWET
